2. Log in with your YNHHS Username and Password
(Epic login)

3. Click **My Projects**

The screenshot shows the top navigation bar of the REDCap interface. The 'My Projects' menu item is highlighted with a blue border and a mouse cursor pointing to it. Below the navigation bar, the 'Yale REDCap' logo is displayed. A 'Welcome to REDCap!' message is followed by a paragraph describing the platform's capabilities. Below this, there is a section about automated export procedures and a link to a brief summary video. A notice regarding human subjects research is also present, along with contact information for the YNHH REDCap Admin.

Yale REDCap

Welcome to REDCap!

REDCap is a secure web platform for building and managing online databases and surveys. REDCap's streamlined process for rapidly creating and designing projects offers a vast array of tools that can be tailored to virtually any data collection strategy.

REDCap provides automated export procedures for seamless data downloads to Excel and common statistical packages (SPSS, SAS, Stata, R), as well as a built-in project calendar, a scheduling module, ad hoc reporting tools, and advanced features, such as branching logic, file uploading, and calculated fields.

Learn more about REDCap by watching a [brief summary video \(4 min\)](#). If you would like to view other quick video tutorials of REDCap in action and an overview of its features, please see the [Training Resources](#) page.

NOTICE: If you are collecting data for the purposes of human subjects research, review and approval of the project is required by your Institutional Review Board.

If you require assistance or have any questions about REDCap, please contact [YNHH REDCap Admin](#).

4. Click **COVID Exposure Tracking**

Listed below are the REDCap projects to which you currently have access. Click the project title to open the project. [React](#) users still have access to your projects, visit the [User Access Dashboard](#).
